MeladGroup Chairman Word

We take pride in being one of the pioneer engineering, contracting and metal manufacturing firms in Egypt having achieved remarkable growth over the last decade and contributing significantly to the development of Egypt.

We have a long tradition of serving our valued customers to their complete satisfaction through efficient management and excellent workmanship, which we continue to maintain with our untiring efforts.

In an era of advanced technologies and new techniques, we continuously strive for innovation and enhanced efficiency.

As we look to the years ahead we renew our pledge to remain committed to excellence, keep abreast of changes and innovations, adopt better management and construction techniques and successfully overcome all challenges before us.

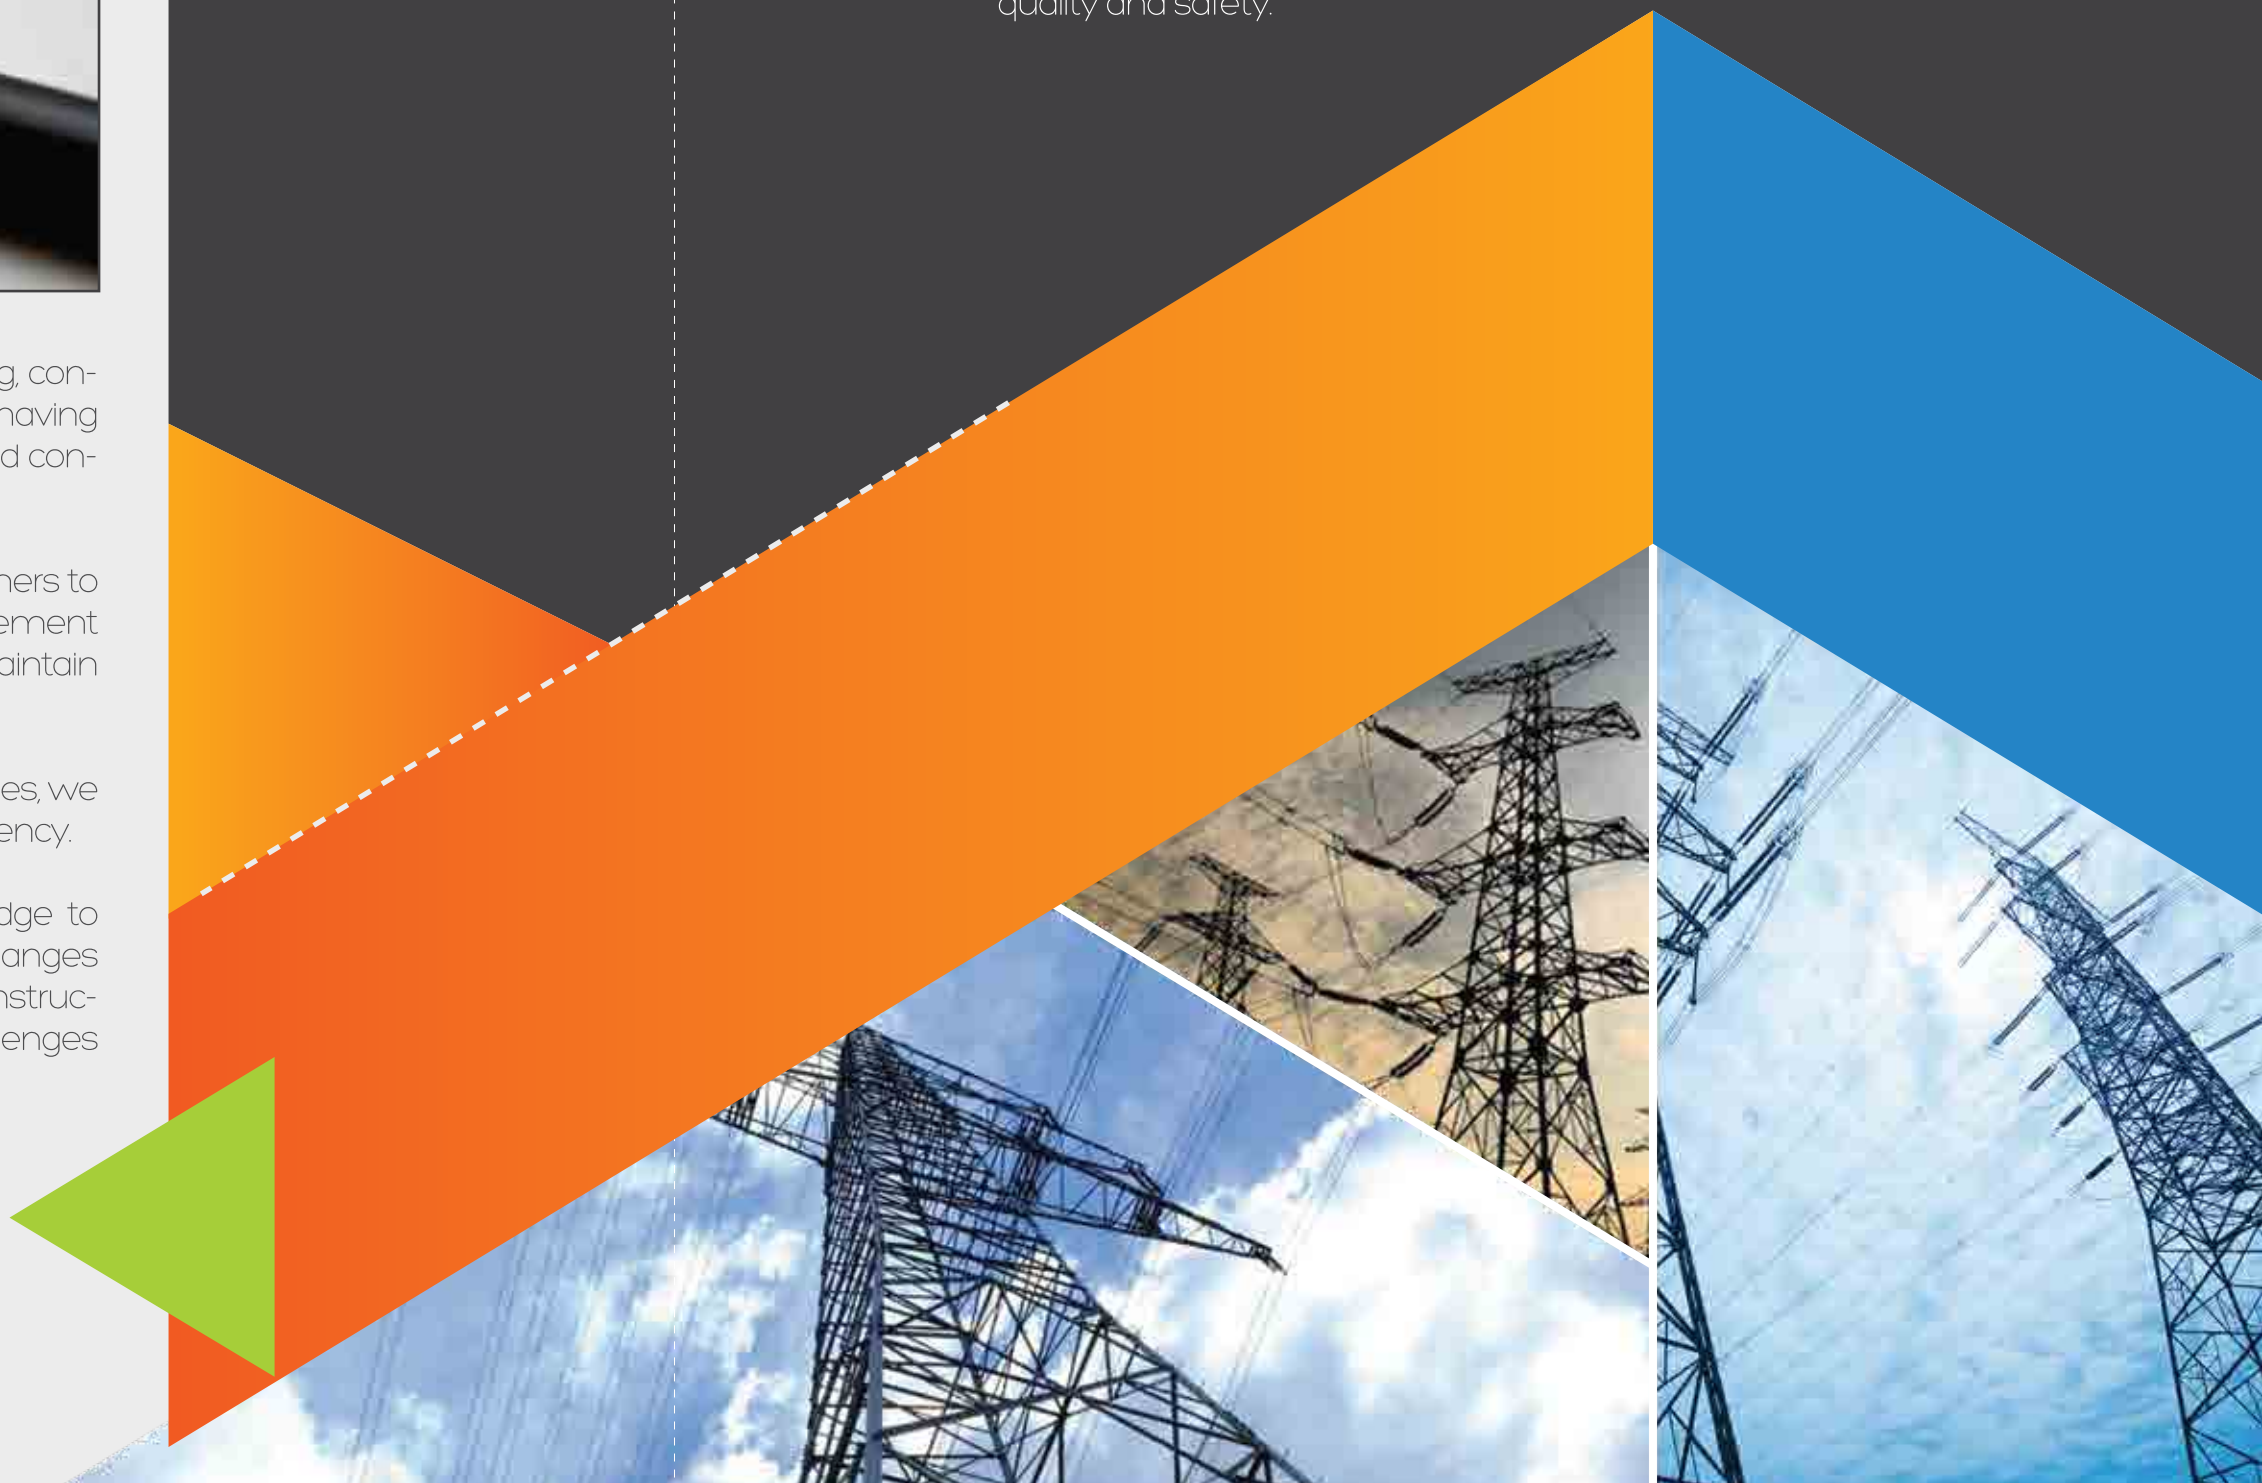

Owner & Chief Of Board Director
Melad Abd El-Sayed Ibrahim

About MeladGroup Intro/Who we are

Melad Group is a group of companies. It's a family business specialized in metal work and construction. The start of our business made by eng. Melad Abdelsayed at 1997. Eng. Melad is a mechanical engineer. He has worked at big companies in Iraq and Egypt then he decided to start his own business.

Our target is to increase our investment all over the world. Trust is the foundation of our future. Offering services spanning a wide range of engineering fields in structures, building constructions, power & water, bridges and industrial and civil infrastructure and metal manufacturing Melad Group is the preferred choice of many clients because of its reliability and commitment to quality and safety.
