## ABOUT US

Established in 2014, E3M is a progressive company specializing in metal manufacturing and press parts. A subsidiary of Melad Group, a leading company in the field of steel, metal components, and construction, E3M draws on the rich experience of its mother company and capitalizes on its technical capabilities to provide the local and global markets with first-rate products.

Spanning over 5000 m<sup>2</sup>, the factory is run by 60 efficient employees and comprises top machinery that can stamp a broad spectrum of press parts as needed for different usages. Using advanced machinery to execute massive production lines, E3M has the capacity to manufacture customized products in different quantities, shapes, and sizes as requested by clients.

# Mission

---

With commitment and consistency, we dedicate our efforts toward exceeding our customers' expectations and ensuring their needs are fulfilled. We focus on maximizing efficiency and productivity while placing the safety of our employees and workers at the top of our priorities. We keep an eye on the latest technical innovations and solutions and conduct regular training to ensure delivering world-class quality.

# Vision

---

We strive to expand our horizons on the global markets and increase our export capacity in the same manner we succeeded in covering the needs of the local market. Our goal is to grow our business consciously and sustainably, and to continuously improve our performance. We aim to foster long-term relationships with our clients and build customer loyalty.

# Values

---

**QUALITY:** We deliver what we promise, and we ensure that our products meet international standards.

**GROWTH:** We keep an eye on the latest solutions and innovations in the industry and provide our staff with the necessary training to ensure supplying our customers with the best quality in the market.

**CUSTOMER-CENTRICITY:** Our customers are at the top of our priorities, and we commit to creating valuable experiences for our customers demonstrated in efficiency, timely deliveries, and professionalism.

**INTEGRITY:** We are transparent, honest, and dedicated to achieving what is best for our clients and we operate ethically not only with our clients but also with our employees.

## Exports and Global Exposure

Operating with international standards, E3M has built a strong reputation globally where it successfully exports to 6 countries including the UK and Algeria. Manufacturing the finest products, E3M exports 60,000 products per year to 6 clients which we have gained as local, satisfied customers. Additionally, E3M participated in global exhibitions including Hanover Messe Germany and Hardware Fair in Cologne, Germany.

The background of the image is a blurred industrial scene featuring bright orange and yellow sparks from a grinding or cutting process. A semi-transparent blue rectangular overlay is positioned in the center, containing white text. At the top of the page, there is a solid blue horizontal bar, followed by two smaller colored bars: an orange one and a light green one.
